

Attn: Attorney-General's Chambers, REACH, and Members of Parliament,

# **Singapore deserves justice.**

Singaporeans deserve a fairer deal.

**We call for these 5 demands to be met.**

## **Demand #1: Stop Fixing Up Harvey**

Harvey's 4 current charges are all the result of fix-ups.

Withdraw all 4 charges against Harvey.

Do not convict and sentence her for fix-ups.

## **Demand #2: Stop Mercury's Crimes**

Mercury has yet to be charged for most of Mercury's crimes.

Charge Mercury for Mercury's crimes.

Do not charge Harvey for Mercury's crimes.

## **Demand #3: Stop Operation High Tide**

Far-right actors must never be allowed to govern Singapore.

Investigate Operation High Tide thoroughly.

Do not sweep wrongdoings under the carpet.

## **Demand #4: Fix Problems, Not People**

Singaporeans face real problems. Focus on fixing these instead.

Stop fixing up Mercury's victims. Investigate all these fix-ups.

## **Demand #5: Fix Our Justice System**

Justice must be done, and it must also be seen to be done.

Restore public confidence in our justice system.

Investigate all conflicts of interest and cover-ups.

We ask that **urgent action** be taken to address the above.
